Clinic-sharing check

Blank preparation sheet / PawLine-owned companion guide / November 12, 2026

1. Clinic and recipient confirmed through the clinic

2. Accepted file type and delivery route

3. What the sheet contains and what I have checked

4. What must not be included or needs consent

5. How I will confirm receipt separately

Not a diagnosis, prescription, clinical validation or proof of delivery. Use no unnecessary private details.

If urgent care may be needed, contact a veterinarian directly. Do not finish a worksheet first.
