Source scope check

Blank preparation sheet / PawLine-owned companion guide / November 12, 2026

1. Exact source title, organization, URL and date

2. Narrow statement this source supports

3. Population, product or method actually addressed

4. What the source does not test or establish

5. What evidence would settle the remaining question

Not a diagnosis, prescription, clinical validation or proof of delivery. Use no unnecessary private details.
If urgent care may be needed, contact a veterinarian directly. Do not finish a worksheet first.
